Dear Florin Didilescu and Marius Stoica

We are pleased to inform you that your project "App Library – Media Education in Arad Public Library" submitted to EIFL Public Library Innovation Programme Call for proposals " Innovative libraries preparing children and youth for the future" was selected for funding. The grant contract for the total of 19,800.00 USD will be send to you shortly. Congratulations!

EIFL (Electronic Information for Libraries) has worked with libraries for many years. Our experience shows how well-resourced libraries, equipped with information and communication technology (ICT), and staffed by skilled librarians can become cost-effective community development agents. We wish you all the best in implementing your new service at Arad County Library.

Sincerely,
